

FileFinder Data Migration Options

1. Our data migration experience

Data migration does not have to be a daunting process providing that it is handled by an experienced team who can anticipate problems and prevent them from happening.

Ikiru People's Data Analysts have a combined 30 years' experience of handling our clients most precious asset - their data - often containing years of notes, contacts, business development efforts and projects history. By following the robust, proven and GDPR compliant internal processes, clients can rest assured about the safety of their data.

Over the years, we have migrated 100s of clients onto FileFinder - both large and small. This has allowed us to perfect our data migration processes from many CRMs such as **Bullhorn Invenias, Cluen Encore, Profile, Bond Adapt, Salesforce and ACT** to name just a few. Data migration also works from your spreadsheets and MS Outlook contacts. We can even import your GatedTalent connections easily into FileFinder.

In addition, we can provide optional premium services such as data cleaning and de-duplication to enable you to start using FileFinder with the best possible data set.

"We first made the switch to FileFinder back in 2015. The transition was seamless and the support team have consistently been responsive and on-hand to answer any of our queries. As a business we have gained considerable value from using FileFinder. The team are able to collaborate more effectively, especially across our offices in Hong Kong and Singapore. There is a huge amount of functionality to extract from FileFinder, all of which allows us to better leverage ...

2. How does it all work?

Ikiru People offers you the flexibility to select a data migration method most suitable for your business needs and budget. When moving to FileFinder you may wish to start with a blank database, or maybe start with just your candidates or maybe you also require all business development and assignment activities.

"I have always found their service excellent. They are very fast to respond to my needs and usually are able to fix my concerns within minutes. They are the best at what they do."

3. See what some of our clients have to say:

"I'm delighted to say that the process went very smoothly. Thanks to the very professional FileFinder project management team." – PRO-FILE Management Consulting

"The FileFinder team is very personable and professional. The whole process exceeded our hopes and expectations. I would recommend them in a heartbeat!" – Youunion Consulting

"From the initial conversations, through data importing, training, and final implementation, the FileFinder team was extremely responsive and made the process seamless." – Higher Education Leadership Search

"We are very demanding users of databases. The fact that you had previously converted data from Invenias to FileFinder made it much easier for us. Much of the mapping was done. However, where we did have custom demands. The FileFinder team were able to implement them. The process was swift, painless and done very professionally." – Johnson Partners
